## Quick Release Couplings - Series Q

Quick release couplings are specially designed for applications requiring a quick connection and/or disconnection of a pipe joint. A locking pin through the handle prevents accidental opening of the coupling. Ductile iron body with zinc plating and steel safety clip. See page 484 for replacement gaskets.

## Rigid Couplings - Series R (HL) 신

This lightweight, low pressure, rigid style coupling is ideal for fire protection, plumbing, low pressure air and drainage. Small gripping teeth hold the housing into the groove allowing a straight run of pipe and preventing any flex at the joint. Ductile iron body with rust inhibiting paint. Underwriters listed and Factory Mutual approved. See page 484 for replacement gaskets.
