

500# Brass Angle Hose Valve 18-157

The only angle hose valve designed and approved to manage 500 PSI pressures in piping systems where it is necessary to access the system for a fire hose connection. Typical applications are in fire department, gravity and pressure tank connections, test connections, and public water supplies to sprinkler and standpipe systems.

- Cast brass with an aluminum handwheel
- FM Approved
- New York City Board of Standards and Appeals approved
- For use up to **500 PSI**
