"Best in Class" Technical Support

Easy Installation

Products In Stock, Delivered On Time

We Back A Great Product With An Unparalleled Warranty

Dixon electronic staff are seasoned veterans when it comes to overfill systems. Our employees have years of experience in electronics, manufacturing and most important, with the in-the-field trouble shooting of overfill terminal and tanker installation. That is why we have focused on easy, drop-in replacement features with improved probe life, and why we have included heavy duty hardware made from premium, corrosion resistant materials.

Trouble Free Probes and Sensors:

FloTech brand probes/sensors do not use epoxy bonded prisms as a means to seal the prism. Therefore, they are not subject to malfunction due to epoxy/prism interface separation. FloTech brand probes/sensors incorporate a double elastomer design which seals and secures the sensitive optic prism tip. The elastomer seals are flexible allowing thermal expansion and resistance to steam cleaning and petroleum chemical attack.

Our goal is to provide the most reliable overfill components and systems available on the market today. Over the years the FloTech brand has earned a reputation for reliable overfill components compatible with other common systems. Don't take our word on this, ask one of our many customers!

FloTech brand items are shipped with easy to follow installation instructions and manuals. **If you need a little extra help call our toll free technical service hot line** In fact, call us with any overfill system questions (regardless of the brand) and we will work with you to help solve the problem.

FloTech brand components are manufactured to be installed easily, even on other systems. We designed them to be drop-in compatible with API systems being used around the world.

FloTech brand products are stocked at locations throughout the United States and Canada. Most orders can be processed and delivered within 24 hours. We know that downtime costs you money so we do everything we can to ensure you receive your parts when you need them.

FloTech brand products are covered by a three year limited warranty. The warranty is part of the total system that makes FloTech overfill detection the best choice for your operation. See limited warranty on page 15 for details.
