

## TTMA Series Flange Adapters

The TTMA pattern bolts quickly and easily to standard 4" TTMA flanges and provides a 3" or 4" male NPT thread. The adapter provides a simple and easy way to convert female threaded components to standard TTMA flange configuration. Made of light-weight solid cast aluminum it is more durable than welded fabrications. The advanced design improves flow through adapters even on the 3" reducer. Compact size reduces the overall space needed for installation.

- Available in 3" or 4" male NPT
- Strong and lightweight
- Solid one piece design

### NPT Flanges

**TTF4AL-4MT**

**TTF4AL-4EMT**

**TTF4AL-4FT**

Part #	Description
<b>TTF4AL-4MT</b>	4" TTMA pattern flange with 4" male NPT thread
<b>TTF4ALHC-4MT</b>	4" TTMA pattern flange with 4" male NPT thread hardcoated
<b>TTF4AL-3MT</b>	4" TTMA pattern flange with 3" male NPT thread
<b>TTF4ALHC-3MT</b>	4" TTMA pattern flange with 3" male NPT thread hardcoated
<b>TTF3AL-3MT</b>	3" TTMA flange x 3" male NPT thread
<b>TTF4AL-3EMT</b>	4" TTMA flange x 3" male NPT thread 3" extended length
<b>TTF4AL-3FT</b>	4" TTMA flange x 3" female NPT thread
<b>TTF4AL-4EMT</b>	4" TTMA flange x 4" male NPT thread 3" extended length
<b>TTF4AL-4FT</b>	4" TTMA flange x 4" female NPT thread

### Weldable Flanges

**Weldable**

Part #	Description
<b>TTF3AL</b>	Weldable aluminum flange, 3" TTMA bolt pattern
<b>TTF4AL</b>	Weldable aluminum flange, 4" TTMA bolt pattern
<b>4443</b>	Reducing flange, 4" TTMA to 3" TTMA aluminum
