

The complete belting offer

- **Fabric conveyor belts** are available with various coating materials like TPU, PUR, PVC or rubber, as well as with various surface structures including nonwoven. This is why we are able to offer the most suitable belt for your specific application requirements.
- **HabasitLINK® plastic modular belts** are available in different materials like **PP, PE, POM/AC, PA as well as special materials** and a large variety of different belt styles. Habasit is the only belt supplier to manufacture and offer the full package of fabric-based belts **and** plastic modular belts.
- **Power transmission belts and machine tapes** are available, tailor made to suit the specific needs e.g. as drive belts for live roller conveyors. This includes round belts, which can be used as live roller belts.
- **Accessories** like profiles, v-guides and cleats complete our offering.

Innovation is a key word at Habasit
