COMFORT-EZE™

SAFETY / ANTI-FATIGUE • "WET/DRY" • BETTER™

- **Sales Tip:** Competitive products feature only a flat or hollowed bottom which reduces the comfort of the mat.
- **Where to Specify:** Dry applications where there is a good deal of pivoting required.

- Extremely long-lasting rubber compound molded into a superbly comfortable bubble design.
- For maximum comfort, the bubbles are molded on an offset on the top and bottom of the mat to maximize flex and create air flow, all to enhance the ergonomic benefit.
- All 4 sides feature an integral bevel border system.
- Overall thickness is 3/8 inch.
