

#166

GUZZLER™

- **Sales Tip:** Part of the AquaTRU™ family, Guzzler™ offers true size options for a better value
- **Where to Specify:** The non-directional pattern design is perfect for entranceways, lobbies, and other indoor medium to high traffic areas.

- Raised waffle pattern facilitates the scraping process while the channel design retains moisture and debris
- Raised rubber border on all 4 sides acts as a containment barrier that traps moisture and debris
- Molded rubber cleats on the underside of the mat grip underlying surfaces and minimize mat movement
- 26 ounces of tufted yarn per square yard for increased moisture retention, and easier cleaning
- 1/4" pile height to perform in narrow clearance doorways
- Recommended and approved product as a part of the GreenTRAX™ program for "Green Cleaning" environments.

#167

PORTRAIT™

- **Sales Tip:** Part of the AquaTRU™ family, Portrait™ offers true size options for a better value
- **Where to Specify:** The non-directional pattern design is perfect for entranceways, lobbies, and other indoor medium to high traffic areas.

- Raised parquet pattern facilitates the scraping process while the channel design retains moisture and debris
- Raised rubber border on all 4 sides acts as a containment barrier that traps moisture and debris
- Molded rubber cleats on the underside of the mat grip underlying surfaces and minimize mat movement
- 26 ounces of tufted yarn per square yard for increased moisture retention, and easier cleaning
- 1/4" pile height to perform in narrow clearance doorways
- Recommended and approved product as a part of the GreenTRAX™ program for "Green Cleaning" environments.

#168

OPUS™

- **Sales Tip:** Part of the AquaTRU™ family, Opus™ offers true size options for a better value
- **Where to Specify:** The pattern design is intended for areas where foot traffic is random and non-directional

- Raised diamond pattern facilitates the scraping process while the channel design retains moisture and debris
- Raised rubber border on all 4 sides acts as a containment barrier that traps moisture and debris
- Molded rubber cleats on the underside of the mat grip underlying surfaces and minimize mat movement
- 32 ounces of tufted yarn per square yard for increased moisture retention, and easier cleaning
- 3/8" pile height to perform in narrow clearance doorways
- Recommended and approved product as a part of the GreenTRAX™ program for "Green Cleaning" environments.
