

Strainers

T-Line Strainer

FEATURES

- Glass-reinforced polypropylene body
- 304 stainless steel screens
- EPDM gaskets standard
- 20 mesh screen standard

T-LINE POLYPROPYLENE STRAINERS

ITEM	DESCRIPTION	PART NO.	MESH
A	1/2" T-Line Poly Strainer	LST050	20,40,80
A	3/4" T-Line Poly Strainer	LST075	20,40,80
A	1" T-Line Poly Strainer	LST100	20,40,80

NOTE: Please specify stainless steel mesh (20-40-80).

Operating Pressure
100 psi max @ 70° F

Standard Y-Strainers

FEATURES

- Glass-reinforced polypropylene body & cap
- 304 stainless steel screens
- 20 mesh screen standard
- Sizes from 1/2" to 2"
- EPDM gaskets standard
- Easy access for cleaning

Y-STRAINERS-STANDARD

ITEM	DESCRIPTION	PART NO.	MESH
B	1/2" Poly Y-Strainer	LSY050	20,40,80
B	3/4" Poly Y-Strainer	LSY075	20,40,80
B	1" Poly Y-Strainer	LSY100	20,40,80
B	1-1/4" Poly Y-Strainer	LSY125	20,40,80
B	1-1/2" Poly Y-Strainer	LSY150	20,40,80
B	2" Poly Y-Strainer	LSY200	20,40,80

NOTE: Please specify stainless steel mesh (20-40-80).

Operating Pressure
90 psi max @ 70° F

Heavy Duty, High Capacity Y-Strainers

FEATURES

- Glass-reinforced polypropylene body & cap
- 5" long full-flow screen
- 316 stainless steel screens
- Easy access for cleaning
- EPDM gaskets standard
- Viton seal and O-ring

Y-STRAINERS-HIGH CAPACITY

ITEM	DESCRIPTION	PART NO.	MESH
C	1-1/2" Heavy Duty Y-Strainer	4187A	14,20,40,80,100
C	2" Heavy Duty Y-Strainer	4187B	14,20,40,80,100

NOTE: Please specify stainless steel mesh (14-20-40-80-100).

Operating Pressure
100 psi max @ 70° F
