

FOOD HANDLING/LIGHT DUTY BELTING

Food Handling Belts

(See pages 4 through 6 and 15-20)

Poly Green and Tan Nitrile COS

Green and tan belts are popular on inspection lines because they are less tiresome on the inspectors' eyes. Also, tan is commonly used in fruit and vegetable processing because of its greater resistance to staining. All three belts feature strong, all-polyester carcasses. FDA accepted.

14 3 Ply 90 Green Nitrile COS

15a 3 Ply 135 Tan Nitrile COS

15b 7 Ply 210 Tan Nitrile COS

PVC - White C x C

Ideal belts for conveying or elevating flour, sugar, or other bulk food materials requiring FDA white belting. Low stretch, high bolt-holding ability. SOR compound is not affected by grain oils.

17 PVC - 450 White C x C

18 PVC - 200 White C x C

PVC - White C x FS

This PVC belt offers the highest service yield and is the best value for most food processing uses. It features a smooth, easy-clean cover of PVC compounds. FDA accepted.

20 PVC - 120 White C x FS

21 PVC - 90 White C x FS

PVC - 100 White Roughtop x FS

This rough-textured non-skid surface enables packages, boxes, cases and other products to be conveyed on incline or decline. Best resistance to oils, greases, water, chemicals, abuse and stretch. FDA accepted.

22 PVC - 100 White Roughtop x FS

PVC - 100 White Chevron Top II x FS

The herringbone pattern of alternating rows of solid PVC chevrons forms a cover highly capable of moving bulk, free-flowing materials such as grains, food stuffs, feeds, and fertilizers up steep inclines. Made of PVC with friction surface, this belt is resistant to mineral oil. FDA accepted.

23 PVC - 100 White Chevron Top II x FS

PVC - 120 White Chevron Top II x FS

Scoop crescent shape is ideal for incline conveying, as well as creating a multitude of tiny "buckets" for moving wet materials. The versatile pattern can also be reversed to drain a product while conveying on the incline. Unique pattern is self cleaning, and since the crescents overlap, there is constant contact with return rolls, virtually eliminating bumping and thumping. FDA accepted.

23a PVC - 120 White Crescent Top x FS
