Transmission Belt Lacing

For flat power-transmission belts up to 12" (300 mm) wide, Alligator® Transmission Belt Lacing is available for sizes 00 through 65. Lacing is "scored" so it can be easily trimmed to fit narrower belts. Corrugated hinge pins are furnished with the three smallest lacing sizes. A two-piece Rocker Hinge pin is available for sizes 15 to 65.

Boxes contain 12" (300 mm) lacing strips (except Nos. 00 and 1 & 7 which contain 6" [150 mm] strips), hinge pins, and 1 gauge pin. Four or six joints per box.
