

FLEXCO

DRX™

Impact Beds

Tough Design. Soft Results.

DRX—Designed for Xtra Impact Relief and Maximum Belt Protection.

Flexco's DRX (Dual Relief Xtra™) Impact Beds are designed with one simple goal: protect the belt. How we meet that goal is revolutionary. We've engineered superior belt protection into the entire structure—not just the bars. Sturdy components, robust construction and convenient maintenance make our line more durable and efficient than others. Then, our exclusive Velocity Reduction Technology™ controls acceleration to deaden impact energy and reduce reaction forces, providing unmatched belt protection.

Go Beyond the Bars

Velocity Reduction Technology™ Works Like Nothing Else.
