

## Service You Will Count On from a Name You Trust.

Flexco professionals can inspect, recommend, install, maintain and troubleshoot conveyor components for your beltlines. We offer trusted Flexco products to ensure the job is done quickly and correctly, minimizing downtime and expense.

Our service offering includes:

- No-cost beltline surveys—we walk your belts
- Recommendations to solve problems and make improvements
- Routine beltline inspections—pre-quote for work to be done
- Scheduled maintenance and local inventory
- Emergency troubleshooting and repair
- Training—both hands-on and classroom

We offer more than just products alone—we partner with you to provide common sense thinking combined with state-of-the-art products to solve your problems. Our service means good solutions, delivered quickly and within your budget.
