

Our snowflake principle.

(Since no two applications are the same.)

Why work your designs around parts somebody else designed, just because they're available? We have an entire facility dedicated to delivering custom fittings, manufactured precisely to your specs or drawings and in record time – whether you need 2,000 or just that one-of-a-kind. Chances are it'll cost less than you thought, too. **So if you can't find the right fitting, adapter or flange within this catalog, call 1-866-222-2267.** Or e-mail inquiries regarding quotations to customfittings@Parker.com. You'd be amazed at the cool stuff we can do together.
